#### Governor Otter's Health Care Timeline

**2007**

**Idaho Health Care**

In August 2007, the Governor Otter convened the Idaho Health Care Summit to evaluate Idaho's current health care system and recommend ways to make health care more affordable and accessible to Idahoans. One month later the Governor established the Governor's Select Committee on Health Care to evaluate the summit's recommendations, gather data, and provide additional recommendations based on its findings.

In 2008, the Select Committee on Health Care issued a report with recommendations that led to development of health care initiatives. Various workgroups and councils have contributed to development of Idaho's health care system. The following compilation of work documents displays the progress achieved and coordination efforts continuing in Idaho.

**Governor's Select Committee on Health Care**

September 26, 2007

Governor Otter established the Select Committee on Health Care to evaluate issues identified by the Idaho Health Care Summit. The Committee was charged with submitting its recommendations for his review.

Read the Executive Order that created the Committee

*"The Committee found that quality health care is available in Idaho, but that Idahoans have difficulty accessing it because of an inadequate delivery system, the high cost of coverage, and a shortage of health care professionals."* (Select Committee on Health Care Report)
